STUDENT INTEREST COMMITTEE'S REPORT - Presented by Hanly Funderburk, Jr.

The Student Interest Committee met January 17, 1963, to formulate plans for the 1963 efforts. At this time it was agreed that only minor changes would be made concerning the rules and regulations of the contest. The brochures were mailed to 420 colleges and universities in the area of the S.W.C. and to the S.W.C. membership on February 14, 1963.

Only one person entered the contest.  
1st prize H. D. Skipper

The committee is hopeful that the small handbook plus the information assembled and presented by Dr. J. B. Baker in Section VII of this conference will give the S.W.C. members a better understanding of how we can reach or interest prospective members.

The committee recently discussed the possibility of awarding a small prize to the graduate student presenting the best paper at the S.W.C. It is hoped that this can be accomplished at the 1965 meeting.

Respectfully submitted,

/S/ Hanly Funderburk, Jr., Chairman  
/S/ J. B. Baker  
/S/ G. C. Klingman  
/S/ Jay Wright
